

## Instructions for Junior Development League (JDL) registration

Is registering your U7-U10 player for our new JDL program right for your child? If your child enjoys the game of soccer and has a desire to continue to improve upon their skills and is looking to play at a more competitive level, then yes we have the right program for your child. Please take a closer look at a side by side information guide outlining the differences between our new JDL program and our traditional closed league Bartlesville recreational league. To register for the JDL program you must first have a completed registration for the U7-U10 Fall/Spring season with Washington County Soccer Club. After viewing the side by side outline, please send email questions [here](#).

If you have completed your Fall/Spring U7-U10 WCSC Recreational registration and would like to be placed on one of our JDL teams, then please sign up by clicking [here](#). There will not be any additional cost at the time of registration for JDL. The monthly training session costs and tournament cost will be collected by the team manager once the rosters have been formed. Your JDL team coach will email you information as soon as rosters are formed.
